

DO NOT WASTE MORE TIME SEARCHING FOR THE RIGHT BOX FOR YOUR MERCHANDISE AND OPTIMIZE SPACE AUTOMATICALLY

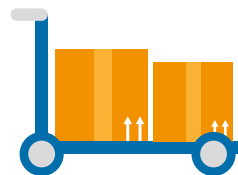

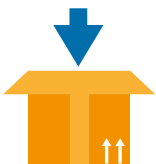

WITH AMV FITBOX, YOU WILL:

- ✓ Knowing the ideal box for each order to optimize its use.
- ✓ Display in 3D proper position of the pieces inside each box optimizing the space used in the pallets.
- ✓ Ensure as much quantity of merchandise as possible in each pallet to speed up the transportation.
- ✓ Completely adapted to your needs. You can customize at any time the size of work pieces, boxes, and / or pallets that you will use.

Furthermore, AMV offers the option to connect the application to any database or software that already works in your foundry.

Avoid duplication of data through custom integrations.

Talk to our technicians without compromise to answer any questions you may have about the new AMV Fitbox.
